BOOKED GUIDED WALKS

Experience the beauty and diversity of Australian native plants at the Australian National Botanic Gardens. Stroll along the Gardens' paths and explore one-third of Australia's native flowering plants and half of Australia's iconic Eucalypts.

From spectacular waratahs in spring, to wattles and banksias in winter, our experienced and engaging guides will uncover the secrets and stories of our garden in a one-hour guided walk tailored to your group.

The cost of the guided walks is \$5 per person (minimum \$30). Proceeds go towards funding Gardens' projects.
